A Message From Our Director Pete Cunningham

On behalf of the staff and the Board here at the South Side Community Coalition, I would like to wish you and yours a wonderful Christmas and a Happy New Year.

We here at the Center have so much to be thankful for in our 11 years here severing the residents of greater Lansing. We are thankful for the following organizations that believed in us to help people in need.

- Ingham Country
- Ingham Country Health Dept
- The City of Lansing
- Michigan Work
- The State of Michigan
- Community Foundation
- Capitol National Bank
- The Power of We
- The Dart Foundation
- United Way
- Christ United Church
- Mid Michigan Food Bank
- Food Movers
- The Garden Project
- Susan G.Komen

I am pleased to acknowledge the following organizations that help our youth in other ways by donating tickets/ field trips/ hosting free workshops for youth. Through their generous community service spirit youth are exposed to a number of events that they would have possibly have not have the opportunity to see or take part in.

- Wharton Center for Performing Arts
- Michigan State University Athletic Dept.
- Lunch with A Purpose
- Y.M.C.A. (South)
- Humane Society
- L & L shop Rite

As we look back through the years we have much to be thankful for and much to look forward to in the future. I am very amazed at how far we have come over the years and I am thrilled to see all the great new programs and partnerships that are on our horizon. Thank you Lansing for all your continued support ~ Pete Cunningham

Pencils, Pens, Markers
Electric Pencil Sharpener

South Side Community Coalition Receives MAP Grant

The South Side Community Coalition will be renewed for another program year of the Michigan Abstinence Program (MAP). The MAP program will offer free abstinence based health education for youth in the Greater Lansing area. After a pilot phase beginning in March 2011 our full programming year will begin in the fall of 2011. We are honored and excited to be given this great opportunity to increase community awareness about this important issue. Youth will learn methods of rejecting sexual advances as well as learn skills to resist peer pressure to abuse alcohol and drug. In addition to free youth educational programming, South Side Community Coalition will also be able to hold free workshops to help parents learn communication skills when talking to their child about abstinence. The program will also involve fun educational workshops for youth and parents to participate in together as well as community service opportunities. Further updates about this exciting opportunity will be posted on the South Side Community Coalition's website as they become available. Please go to www.southsidecommunitycoalition.org for more information
